

# Naprawa uprawnień usera SQL po odtworzeniu baz (zmiana ID)

Komendę uruchamiamy na bazie w której user powinien mieć naprawione uprawnienia bądź dodajemy:

```
USE [NazwaBazy]
```

```
EXEC sp_change_users_login 'Auto_Fix', 'NazwaUsera';
```

100 % ✔ No issues found

Messages

```
The row for user '[ ]' will be fixed by updating its login link to a login already in existence.  
The number of orphaned users fixed by updating users was 1.  
The number of orphaned users fixed by adding new logins and then updating users was 0.  
  
Completion time: 2025-09-30T13:20:10.3132574+02:00
```
